REQUEST FOR CERTIFICATE OF CORRECTION UNDER 37 CFR § 1.322 FOR
CORRECTION OF OFFICE MISTAKE

ATTN: Certificate of Correction Branch
Honorable Commissioner of Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Sir:

As provided in detail in the attached, the patentee respectfully requests that a Certificate of Correction be granted in the above-identified patent to correct a mistake in a patent, incurred through the fault of the Office.

Under 37 CFR 1.322, "The Commissioner may issue a certificate of correction pursuant to 35 U.S.C. 254 to correct a mistake in a patent, incurred through the fault of the Office, which mistake is clearly disclosed in the records of the Office at the request of the patentee or the patentee's assignee."

The patentee furthermore requests Expedited Issuance of this Certificate of Correction in accordance with MPEP § 1480.01. Specifically, this section provides that:

In an effort to reduce the overall time required in processing and granting Certificate of Correction requests, the Office will expedite

AUG 21 2006

processing and granting of patentee requests where such requests are accompanied by evidence to show that the error is attributable solely to the Office Where the correction requested was incurred through the fault of the Office, and the matter is clearly disclosed in the records of the Office, and is accompanied by documentation that unequivocally supports the patentee's assertion(s), a Certificate of Correction will be expeditiously issued. MPEP § 1480.01

The following errors appear to have occurred through the fault of the Office, and the patentee respectfully requests correction thereof.

In the *Amendment* filed April 5, 2004, at page 3, claim 1, lines 9-10 were clearly added as follows: "introducing at least one of noble gas elements and at least one of an element providing an n-type and an element providing a p-type into the semiconductor film;" (emphasis added). However, apparently due to an error by the Patent Office, in claim 1, lines 11-13 appear as follows: "introducing at least one of noble gas elements and at least one of an element providing an n-time and an element providing a p-type into the semiconductor film;" (emphasis added). That is, "n-type" was improperly changed to "n-time." The patentee respectfully requests correction of this error as follows: Claim 1, line 12, please replace "n-time" with --n-type--.

AUG 21 2006

As the error was incurred through the fault of the Office, a fee is not believed to be necessary. Should it be determined that a fee is necessary, any deficiencies or overages in any fees due in connection with this patent and the requested actions should be applied to Deposit Account No. 50-2280(0756-2417).

Respectfully submitted,

Eric J. Robinson
